12. Legal Description of Facility:

The legal description of this facility is contained in I.3 of the Report of Disposal Site Information dated June 2007.

13. Findings:

- a. This permit is consistent with the Kern County Integrated Waste Management Plan, which was approved by the CIWMB on February 25, 1998 and last amended on February 7, 2005. The location of the facility is identified in the Countywide Siting Element, pursuant to Public Resources Code (PRC), Section 50001(a).
- b. This permit is consistent with the standards adopted by the CIWMB, pursuant to PRC 44010.
- c. The design and operation of the facility is consistent with the State Minimum Standards for Solid Waste Handling and Disposal as determined by the enforcement agency, pursuant to PRC 44009.
- d. The Kern County Fire Department has determined that the facility is in conformance with applicable fire standards, pursuant to PRC, 44151.
- e. An Environmental Impact Report (EIR) was filed with the State Clearinghouse (SCH #2006021089) and certified by the Kern County Board of Supervisors on July 10, 2007. The EIR describes and supports the design and operation, which will be authorized by the issuance of this permit. A Notice of Determination was filed with the State Clearinghouse on July 20, 2007, as required in Public Resources Code, Section 21081.6.

14. Prohibitions:

The permittee is prohibited from accepting liquid waste sludge, non-hazardous waste requiring special handling, designated waste, or hazardous waste, unless such waste is specifically described below, and unless the acceptance of such waste is authorized by all applicable permits. Universal Wastes, as defined in Title 22, California Code of Regulations, used motor oil, and other waste streams that have state approved alternative management standards may be accepted for recycling or offsite disposal purposes as described in the Report of Disposal Site Information and approved by the Local Enforcement Agency.

The permittee is additionally prohibited from the following items:

- a. Scavenging by the public;
- b. Disposal of pesticides;
- c. Burning of wastes or receipt of hot or combusting wastes or wood stove ashes;
- d. The salvaging of cosmetics, food, beverages, or any material capable of impairing public health; and
- e. Receipt of untreated medical wastes.

17. Enforcement Agency (EA) Conditions:

- a. The operator shall comply with all State Minimum Standards for solid waste handling and disposal as specified in Title 14 and Title 27, California Code of Regulations.
- b. The operator shall maintain a log of special/unusual occurrences. This log shall include, but is not limited to, fires, explosions, the discharge and disposition of hazardous or un-permitted wastes, and significant injuries, accidents or property damage. The log shall be available for inspection by authorized representatives of the Local Enforcement Agency and California Integrated Waste Management Board during normal business hours.
- c. Additional information concerning the design and operation of the facility shall be furnished upon request and within the time frame specified by the EA.
- d. The maximum permitted daily disposal tonnage for this facility is 1,000 tons per day and shall not receive more than this amount without a revision of this permit. Greenwaste tonnage shall be consistent with the June 2007 RCSI Sections (f) and (h).
- e. This permit is subject to review by the Local Enforcement Agency and may be suspended, revoked, or revised at any time for sufficient cause.
- f. The Local Enforcement Agency reserves the right to suspend or modify waste receiving and handling operations when deemed necessary due to an emergency, a potential health hazard, or the creation of a public nuisance.
- g. Any change that would cause the design or operation of the facility not to conform to the terms and conditions of this permit is prohibited. Such a change may be considered a significant change, requiring a permit revision. In no case shall the operator implement any change without first submitting a written notice of the proposed change, in the form of a Report of Facility Information amendment, to the LOCAL ENFORCEMENT AGENCY at least 180 days in advance of the change.
- h. A copy of this permit shall be maintained at the facility.
